Market globally – laugh locally!!

We have a great marketing opportunity for your business or non-profit which will also allow you to support an award-winning educational program that has served low-income families in our community for over a decade.

On June 23rd, 2017, the Jefferson County Clemente Course in the Humanities will be hosting public radio’s wildly popular word game show, Says You! for a taping of two shows at Chimacum High School. (Locally, the show is aired on Saturday evenings at 6 PM on KUOW, 94.9 FM.) This performance will feature local players from area non-profits and small businesses, as well as “regular” Says You! cast members.

Says You! enjoys a large national audience and this popular show is sure to sell out. We anticipate a great weekend for the local business and non-profits that make East Jefferson County such a wonderful place to live and to visit. While many of the tickets have been purchased from out-of-towners, there are, of course, many local Says You! fans as well.

Our goal for this event – besides providing our community with a rollicking good time – is to raise funds to support the Jefferson Clemente Course: faculty stipends, tuition, books, childcare, transportation, etc.

In order to get the word out about the amenities our community has to offer, and to meet our fundraising objectives, we are offering a variety of sponsorships to area businesses and non-profits.

We believe that sponsoring this event can offer many of us the chance to support something we care about, AND promote our local business and non-profit community. By becoming a sponsor, you can promote your own business, or you can purchase a sponsorship on behalf of your favorite non-profit, thus allowing it exposure to this new audience.

And all sponsorships will be supporting the critical work of the Clemente Course as well!
